PROFILE

B.Tech Computer Science & Engineering student at GSFC University with a solid foundation in C, C++, Java, Python and JavaScript, and hands-on front-end experience in HTML, CSS, React and Three.js. I build interactive, animated web experiences and deploy them live on Vercel. I bring leadership and communication skills from running social media for NeuroRob and the GSFC University Literature Club, organizing events end to end, and competing at state level in powerlifting and esports.
